Taiwanese officials this week handed down a \$340,000 fine against Samsung for waging what they considered to be an unfair online campaign against HTC devices.

The image features a complex digital background. On the left, a computer keyboard is visible, with keys appearing as dark shapes against a lighter, grid-like background. In the center, a globe is partially obscured by a grid pattern. On the right, a wireframe human figure is shown from the back, composed of a grid of red and white lines. A prominent red banner with a slight gradient runs horizontally across the middle of the image, containing the text "LAW ENFORCEMENT" in white, bold, serif capital letters.
